## SCALE OF INNOVATION

India dropped two positions—to 66—in the latest edition of the Global Innovation Index, from its position of 64 last year. Though India doesn't fare well from a global perspective, it performs much better in regional-level rankings. For example, it ranks among the top 20 in terms of the efficiency of its innovation and is among the top 5 performers in Asia.

### GLOBAL INNOVATION INDEX RANKINGS

Rank 2012	Rank 2013	Country	
1	1	Switzerland
